

DEPARTMENT J – FLORICULTURE – OPEN CLASS

Co-Superintendent Camie Lindemann, 509-680-1763

Co-Superintendent Amy Dillon, 509-220-5228

Department J – Adult

Department JY – Youth

1. The exhibitor must grow specimen exhibits. Exhibitors must be amateurs who are growing flowers for their own enjoyment and not for sale.
2. No exhibitor shall enter more than one of a variety in class.
3. A tag showing the exhibitor's number, division and class, name of variety (if known), must be attached to the exhibit. Put name of plant or flower on exhibit tag. Hang tags can be picked up at the fair office 3 Saturdays before the fair and Monday and Tuesday of fair week so you can fill them out at home.
4. Containers will be provided, except for begonias.
5. No exhibits will be accepted for judging after 9:00pm Wednesday.
6. **Exhibitors are encouraged to replace any wilted blooms during the fair.**
7. Dried or winter arrangement materials need not be grown by exhibitor.
8. No artificial flowers except where specified.
9. **NEW!** Exhibitor may purchase flowers for arrangements ONLY.
10. A committee member must check in all entries. Only committee members are allowed to re-arrange specimens and flower arrangement.
11. Judge will reserve the right to disqualify any entries not of display quality.
12. **Youth exhibitors entering in any class put age on tag. Exhibit will be judged accordingly.**
13. Youth can enter adult classes where that class isn't already specifically listed for Youth. JY must be listed with class number on hang tag.
14. Whenever the list calls for a certain number of spikes, stalks, sprays or blooms, please exhibit that number. For instance, Marigolds 3 blooms must have just 3 blooms. Where the list calls for 3 sprays, enter 3 sprays including blooms and buds. The judges adhere strictly to the list, so follow it accordingly.

(mark top of hang tag "GFA" to be considered)

DEPARTMENT J – FLORICULTURE – OPEN CLASS

SPECIMEN BLOOMS SCORING:

Stem with foliage attached	30%
Color	30%
Form	20%
Size of the type of variety	<u>20%</u>
	100%

Flower Hints:

Cut your flowers in the late afternoon of the day before they are to be exhibited, place the flowers immediately in water that has been set out in the garden all day. Cutting should be done about 4:00pm since at that time there is the greatest amount of sugar in the leaves unless it is extremely hot weather. In this instance cutting in the early morning is optimum. Keep flowers in water in a cool, dark place overnight.

To arrange, cut stems cleanly at an angle under water with a sharp knife and place in water-filled vase or container. Cut stems as long as possible. All foliage that is below the water line should be removed. Foliage should be clean. Remove any broken or disfigured foliage or petals as foliage and stems count in judging as well as blooms. It is better to have more stem and foliage than too little. Groom plants well. Flowers must have their own attached foliage. All stems should be in proportion to the flower.

Floriculture Specimen Points Awarded Blue 15, Red 10, White 5

Color Varieties for Gladiolus, Roses and Dahlias

- A - White
- B - Light yellow to dark yellow
- C - Yellow blend, apricot blend and russet
